

COSMOPOLITAN MODULAR

The Cosmopolitan is a further exploration of the bronze-and-Palmwood theme of the best-selling VÉRITÉ. A reimagining of the Pharaoh's sofa.

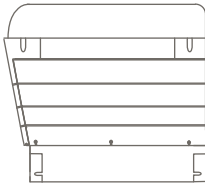

No compromises are made on luxury or comfort. The modular sofa has a deep seat base for total relaxation. It is upholstered in an exclusive selection of 2.5mm full-grained leathers. The hand detailing is highly intricate and the finishing meticulous.

The versatile Cosmopolitan Modular is made up of corner and armchair components (as well as an ottoman) and can be arranged to form the centrepiece of your home. Customers typically select 5- or 7-piece arrangements, but you can have as many pieces as the room demands.

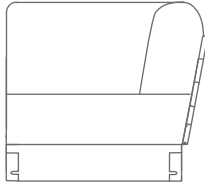

Shown in VÉRITÉ Red Brown leather.
