

## COSMOPOLITAN SECTIONAL

---

The Cosmopolitan is a further exploration of the bronze-and-Palmwood theme of the best-selling Vérité. A reimagining of the Pharoah's sofa, which seems to float above the floor.

No compromises are made on luxury or comfort. The sectional sofa has a deep seat base for total relaxation. It is upholstered in an exclusive selection of 2.5mm full-grained leathers. The hand detailing is highly intricate and the finishing meticulous.

The Cosmopolitan Sectional comprises a left, right and centre chair. When an ottoman is added this makes a luxuriant L-shaped setting.
